# Procedure for Clinic Parking

## DENTAL CLINIC PARKING

A parking permit from the Dental Clinic is always required. Before leaving an appointment, obtain a new permit for your next appointment. If you did not receive one, ask that one be sent to you or obtain one immediately from the front desk in Squire Hall.

The correct month, day and time must be circled. Appointments between 8 am and 12:30 pm should have “AM” circled. Appointments between 12:30 pm and 5 pm should have “PM” circled.

You must park in a designated Clinic parking space with the Dental Clinic Permit displayed on the dashboard of your vehicle.
